

Surgery Signposter

Based in Wickham/Bishops Waltham
14 hours per week
Fixed term contract to 31 March 2018
Salary: £20,955 per annum (full time equivalent)
(Equates to £10.89 per hour)
Excellent Terms and Conditions
Closing date: 29 May 2017 (midnight)
Interviews: 7 June 2017

You will act as a link worker for patients who visit their GP and have unmet social, emotional or practical needs. Your role will be to meet with patients who have been referred to you by the GP practice, to understand their non-medical needs. You will then put them in touch with the services that can support them. You will NOT provide the support yourself, but will be the link worker or 'bridge' to enable and support the patient to access existing services. You will work with patients of Wickham and Bishops Waltham GP surgeries.

Are you:

- able to communicate effectively and quickly build trust and rapport with people?
- able to work independently to a high standard?
- able to manage information in a confidential and sensitive way?
- able to build positive working relationships with local projects and organisations?

Do you have:

- experience of working on a one-to-one basis with people who have challenges in their lives, ideally in a signposting or similar role?
- good organisational skills?
- a good level of ICT literacy?
- an interest in helping to find new solutions for people in rural areas?

Then why not apply for this interesting and varied role working for a respected Hampshire charity.
