ACRE Rural Community Buildings Loan Fund

www.acre.org.uk/our-work/rural-community-buildings-loan-fund or call 01285 653477

For halls in rural areas, this loan fund is worth considering if you need funding for work that will quickly reduce your energy bills (e.g. by improving your building's insulation) or increase your income (e.g. by making your building more appealing to potential hirers). Then you can use the money saved to pay off the loan. See the next page for more details about the Loan Fund.

Loan schemes and other useful contacts

ACRE Rural Community Buildings Loan Fund

Loans from £1,000 to £20,000 (and occasionally higher) to help community halls in rural areas to meet the cost of capital works. The Fund is often over-subscribed so please contact ACRE as soon as you decide that you might want to apply for a loan.

Other loan funding

Co-op Foundation

<https://www.coopfoundation.org.uk/> (scroll to the bottom of the page)

Interest-free loans of up to £50,000 for 'enterprising ideas to improve community spaces'. See the website for examples of projects they would like to support.

Charity Bank loans

www.charitybank.org/ or call 01732 774040

Charity Bank can give loans for a range of purposes up to £1,000,000.

Venturesome – loans from the Charities Aid Foundation

preview.tinyurl.com/hanu5cs or call 0300 0123 300

Loans to incorporated organisations only, for a wide range of charitable / social purposes.

We recommend that unincorporated organisations (e.g. village hall charitable trusts) do not generally consider borrowing money, because of the potential liability to the charity trustees as individuals. The ACRE Loan Fund (above) is an exception; it is specifically designed for small, unincorporated charities and has flexible terms and a low interest rate.

Gift Aid

<https://www.gov.uk/claim-gift-aid/overview>

If your organisation is charitable (or a Community Amateur Sports Club) and you are embarking on a major fundraising drive, consider registering for Gift Aid. This allows you to claim back 25p on every £1 you receive in donations from individuals.

Free or low-cost legal advice

We have an agreement (through ACRE) with law firm Bates Wells Braithwaite. They can give initial advice free of charge and then quote for further work. Contact Kevin (details at the top of the page) for details.

LawWorks: <https://www.lawworks.org.uk/legal-advice-not-profits>

This service links up charities and non-profit groups in need of legal advice with solicitors willing to give their time free of charge. Their resources are limited and community halls are low on their list of priority groups, but it may be worth asking if your resources are very tight.

Ethical Property Foundation

Free initial advice on buying, managing, and letting property.

Cranfield Trust

Local solicitors and churches

Some solicitors and churches (especially Church of England) run funds focusing on small geographical areas. These aren't often advertised widely but may be able to fund your work.

Local businesses

They may be able to help with grants, sponsorship (in return for some publicity), resources, equipment, staff time etc. Be creative with what you can offer local companies in return for their support and use any contacts or other links you have.

Crowdfunding

This is a new approach to fundraising which uses online technology to enable the gaining and handling of donations from a large number of people.

<http://www.crowdfunder.co.uk/guides> Some guidance you might find useful

<https://spacehive.com/Home/AboutUs> Another site, specifically aimed at civic projects

Further help and tools for finding grants

Online funding search tool

<http://www.fundingcentral.org.uk>

Funding Central is managed by the National Council for Voluntary Organisations (NCVO). The site also has advice to help you apply for grants, loans and contracts. It is free for organisations with an income below £100,000 per year.

Your local Council for Voluntary Service

<https://www.hampshirecvs.org.uk/> to find your local CVS

Make sure you are a member of the CVS in your area as they will know about local funding sources and other useful information.

Your Local Authority

It is also well worth keeping in touch with every level of Local Authority that covers your area – e.g. for rural Hampshire this means Hampshire County Council, your district / borough council, and your parish / town council.

Get to know your elected members (councillors), and find out who the key officers are for issues like planning, licensing, funding, and community development.
