

Dear Colleague,

In response to the developing Coronavirus (Covid19) situation, Open Sight has taken the difficult decision to suspend immediately all face-to-face service activities which includes; the home visiting services, Social Clubs, Working Age Groups, Information Hubs, Information & Equipment Days and all other events, including the Family Fun Day scheduled for Sunday 29th March 2020.

Open Sight will review the situation in early April 2020. Please refer to our website for updates. In the meantime, Open Sight will continue to offer telephone and online support, information, advice and guidance where possible. The health and well-being of our customers, volunteers and staff is paramount at this time.

Thank you for your understanding in these challenging times.

Stay well.

Terry Smith
Community Development and Support Manager
